I can live with the approach proposed by Sunnyside. I would like for us to ID who we would deliver this message to and whom would take the lead, my preference is for SGC to lead these conversations, at least about the sharing info and legal framework parts.

Bill, thanks for your email on the path forward and comments on the draft comm strat. Please see the below email from Greg Etter and let me know if you have comments on his proposed language. Depending on how quickly we can meet and finalize our strategy, I'd like to send the draft comm strat to BLM and state today. Jennifer

Jennifer:

Great to talk yesterday. As discussed, I think it is important that we all be on the same

page and be prepared to speak jointly at the 23 August ARSG Meeting.

Per your request, attached are some draft Talking Points. I took your April Talking Points as a starting point, and tried to use language therefrom, as appropriate. I deleted the "Background" Section, as that probably won't be required for the ARSG Meeting.

Let me know your thoughts.

Thanks and regards.
